

DREMC Rebate Schedule

DREMC will reimburse the member up to 50% of the cost for the upgrade. The maximum rebate for each upgrade is listed below.

- These are eScore participant rebates available for homes that are older than one year. To receive these rebates, you must have the upgrades completed by a qualified contractor.
- These rebates are available through DREMC and do not require participation in eScore.

A Touchstone Energy® Cooperative

rebates effective 12/1/17

* MUST MEET ENERGY STAR® REQUIREMENTS.

** MORE DETAILS ABOUT DREMC'S REBATES ARE LISTED ON THE BACK.

DREMC's New Homes Program

Duck River Electric Membership Corporation is excited to offer you our New Homes Program! If you qualify, this program is designed to give homebuilders rebates for properly installed, efficient electric or dual fuel heating and cooling units and energy-efficient water heaters.

Homes that qualify for our Platinum Package meet proven air-sealing standards, saving the homeowner money on energy costs and creating more comfort for your family.

PLATINUM PACKAGE

To qualify for the Platinum Package rebate, the new home must have both the blower door and duct blaster tests conducted and must pass the 2009 I.E.C. air tightness test standards.* The builder must also provide a copy of the Certificate of Occupancy, sign the New Homes Participation Agreement, and complete a questionnaire about the home at verification time. The first blower door and duct blaster tests are free of charge; additional testing will reduce the rebate by \$200 per test.

	REBATE
P1) Dual Fuel with Electric Water Heater**	\$1,200
P2) Dual Fuel	\$1,100
P3) Heat Pump with Electric Water Heater**	\$900
P4) Heat Pump	\$800

STANDARD PACKAGE

To qualify under the Standard Package rebate, DREMC requires a signed New Homes Participation Agreement, a copy of the Certificate of Occupancy, and a completed questionnaire about the home at verification time.

	REBATE
S1) Dual Fuel with Electric Water Heater**	\$800
S2) Dual Fuel	\$700
S3) Heat Pump with Electric Water Heater**	\$500
S4) Heat Pump	\$400

* The home scores between 7 and 4 A.C.H. on the blower door test and less than 8% of duct leakage to the outside on the duct blaster test.

** Instantaneous water heaters are not allowed per TVA guidelines.

For more information about our New Homes Program, please contact DREMC's Member Services Department.

Water Heater Rebates

If you purchase and install a new 30 gallon or larger electric water heater, you could receive a \$50 rebate* from DREMC! Simply complete the Water Heater Rebate Form on our website at www.dremc.com, or visit your local DREMC office. Once completed, send the rebate form and your purchase receipt or invoice to your local DREMC office within 12 months of the purchase date to qualify.

Also, if you replace a non-electric water heater with an electric unit, you can qualify for a rebate* of 50% of the cost up to \$400 per water heater **under the eScore program**.

If you have questions, please call the DREMC Member Services Department at 931-684-4621.

* Please note that instantaneous water heaters do not qualify under either rebate program.
