

Pick the payment option that's best for you!

Automatic Bank Draft

Bank draft is a worry-free way to pay your electric bill! Payments are automatically drafted from your checking account, so payments are always on time. To enroll, simply provide a voided check to draft from your active checking account. Fill out our bank draft application at the DREMC office nearest you. For signing up, we will apply a \$10 credit to your electric account! This one-time credit is applicable per account, regardless of size, and those members with multiple accounts are eligible for a \$10 credit for each account signed up.

Online Payments

DREMC members have access to their billing information and can make credit/debit card payments via the internet using our website, www.dremc.com, and by DREMC's telelink service over the telephone. Electronic check payments can also be authorized through the DREMC website at no additional charge.

Mobile App

Download our FREE mobile app to your iPhone, Android, iPad or tablet, and check your account balance, set alerts and reminders and, best of all, pay your bill! DREMCmobile provides fast and secure access.

Electronic Billing

Go paperless, and receive your bill via email! Pair this with our mobile app, and have quick access to other paperless options including paying your bill.

Levelized Billing

Get rid of the seasonal ups and downs of your electric bill with Levelized Billing! This plan uses a 12-month rolling average to calculate each month's bill and keeps your billing on target. The amount you're billed will vary from month to month, but it does eliminate the seasonal ups and downs. Levelized Billing helps you plan ahead, and there's no settlement month until you either discontinue electric service or participation in the payment plan.

Budget Billing

If you want to know exactly what to expect each month with your electric bill, then Budget Billing is for you! Budget Billing calculates your electric bill based on your previous 12-month average. Therefore, the amount billed to you each month remains the same except for the settlement month, which occurs with April's meter reading. This amount may be greater or smaller than the budget bill amount, depending on the current year's electric use compared to the previous year. Please note that Budget Billing sign-up months are March and April only.

Technology makes it more convenient than ever to pay your electric bill!

Even so, DREMC continues to offer traditional options to pay your bill including by mail, at the office or using our convenient night deposit box located at each office.
