

DREMC Rebate Schedule

Get money back for making your home more comfortable and energy efficient! See how DREMC and TVA can help with valuable rebates!

A Touchstone Energy® Cooperative 

- These rebates are available through DREMC and do not require participation in TVA's eScore program.
- These are DREMC/TVA eScore participant rebates available for homes that are older than one year. You must first be entered in the TVA eScore Program to receive these rebates, and you must have the upgrades completed by an approved contractor who is a member of TVA's Qualified Contractor Network.

DREMC's New Homes Program

Duck River Electric Membership Corporation is excited to offer you our New Homes Program! If you qualify, this program is designed to give homebuilders rebates for properly installed, efficient electric or dual fuel heating and cooling units **and** energy-efficient water heaters.**

Homes that qualify for our Platinum Package meet proven air-sealing standards, saving the homeowner money on energy costs and creating more comfort for your family.

2/11/19

PLATINUM PACKAGE

To qualify for the Platinum Package rebate, the new home must have both the blower door and duct blaster tests conducted and must pass the 2009 I.E.C. air tightness test standards.* The builder must also provide a copy of the Certificate of Occupancy, sign the New Homes Participation Agreement, and complete a questionnaire about the home at verification time. The first blower door and duct blaster tests are free of charge; additional testing will reduce the rebate by \$200 per test.

	REBATE
P1) Dual Fuel with Electric Water Heater**	\$1,200
P2) Dual Fuel with Gas Water Heater	\$1,100
P3) Heat Pump with Electric Water Heater**	\$900
P4) Heat Pump with Gas Water Heater	\$800
P5) Electric Water Heater Only**	\$300

STANDARD PACKAGE (code home)

To qualify under the Standard Package rebate, DREMC requires a signed New Homes Participation Agreement, a copy of the Certificate of Occupancy, and a completed questionnaire about the home at verification time.

	REBATE
S1) Dual Fuel with Electric Water Heater**	\$800
S2) Dual Fuel with Gas Water Heater	\$700
S3) Heat Pump with Electric Water Heater**	\$500
S4) Heat Pump with Gas Water Heater	\$400
S5) Electric Water Heater Only**	\$150

MULTI-FAMILY DWELLINGS

Call DREMC's Member Services Department for details on qualifying rebates.

* The home scores between 4 and 7 A.C.H. on the blower door test and less than 8% of duct leakage to the outside on the duct blaster test.

** Instantaneous electric water heaters are not allowed per TVA guidelines.

For more information about our New Homes Program, please contact DREMC's Member Services Department.

Water Heater Rebates

If you purchase and install a new 30 gallon or larger electric water heater, you could receive a **\$50 rebate*** from DREMC! Simply complete the Water Heater Rebate Form on our website at www.dremc.com, or visit your local DREMC office. Once completed, send the rebate form and your purchase receipt or invoice to your local DREMC office within 12 months of the purchase date to qualify.

Also, if you replace a non-electric water heater with an electric unit, you can qualify for a rebate* of **\$300** per water heater **under the eScore program**.

If you have questions, please call the DREMC Member Services Department at 931-680-5883.

* Please note that instantaneous electric water heaters do not qualify under either rebate program.
