**Fleet
Certification
Code: B77520**

SIMPLY AMAZING NISSAN LEAF

More Range at an Affordable Price

Up to **151 mile range⁵**, at an MSRP starting at **\$29,990**

Nissan Intelligent Mobility

Available ProPILOT Assist:

Makes highway driving less stressful.⁷

Allows you to pace with the car in front of you, maintaining a set distance, while helping keep you centered in your lane. Even through slight curves. Can come to a stop automatically, and resume without driver intervention.

e-Pedal Mode:

A more natural way to manage traffic.⁶

Accelerate or brake in traffic, using a single pedal, easing traffic congestion.

Come to a complete stop and hold, even on steep hills, without the brake pedal.

Advanced Safety Features

Automatic Emergency Breaking⁸, Standard on All Models

LEAF can apply the brakes automatically to help you avoid frontal collision, or if unavoidable, help reduce the severity.

Join us in making a difference.

As part of our effort to accelerate electric vehicle transportation alternatives across the United States, Nissan North America, Inc. is offering eligible Touchstone Energy Cooperative member organizations a special incentive toward the purchase of the all-new, 100% electric, Nissan Leaf[®]. With each qualified purchase, eligible buyers can receive a \$3,000 Fleetail Rebate off MSRP³, plus eligibility for a Federal EV Tax Credit, up to \$7,500.⁴ State incentives may also be available!⁴

How to get this great incentive:

Simply bring a copy of this flyer, both front and back pages, along with your local electric bill, or proof of Cooperative employment, to your participating Nissan dealer (must be presented at the time of purchase). This limited time offer expires January 2, 2019, and cannot be combined with other Nissan or NMAC special incentives. Residency restrictions apply.⁴

Find a local participating Nissan Dealer at NissanUSA.com/nissandalers for complete details

1) Based on cumulative sales data from Dec 2010 - April 2018.

2) 2018 & 2019 Nissan LEAF starts at \$29,990, with S trim as shown. Price is Manufacturer's Suggested Retail Price (MSRP) excluding destination charge, tax, title, license and optional equipment. Dealer sets actual price.

3) ELIGIBILITY REQUIREMENTS, AND OTHER RESTRICTIONS APPLY. PROOF OF ELIGIBILITY REQUIRED.

The **\$3,000** Nissan Fleetail Rebate, off MSRP, is available to member organizations of **Touchstone Energy Cooperatives**. Must present to the participating Nissan dealer the following proofs of eligibility: (1) proof of current employment with a **Touchstone Energy Cooperative**, or a copy of your current Electric Bill; and (2) a copy of this flyer, both sides. Available on purchase a new 2018 or 2019 Nissan LEAF, from new dealer stock. Down payment, or approved Financing may be required. This incentive **cannot** be combined with any other Nissan or NMAC special incentives. **Offer expires January 2, 2019.**

4) The incentives referenced are for informational purposes only. This information does not constitute tax or legal advice. All persons considering use of available incentives or additional perks should consult with their own tax or legal professional to determine eligibility, specific amount of incentive available, if any, and consult dealer for further details. Other incentives or additional perks not within Nissan's control, or NC Electric Cooperatives. Incentives are subject to change without notice. Interested parties should confirm the accuracy of this information before relying on it to make a purchase. Residency restrictions apply.

5) 2018 Nissan LEAF has EPA rated range of 151 miles. Actual range may vary based on use or driving conditions. Use EPA estimates for comparison only. 6 e-Pedal: Drivers should always monitor traffic conditions, and use conventional brake as needed to prevent collisions. See Owner's Manual for safety information.

7) ProPILOT Assist cannot prevent all collisions. Drivers should always monitor traffic conditions, and keep both hands on the steering wheel, and apply brakes as necessary. See Owner's Manual for safety information.

8) Automatic Emergency Braking: cannot prevent all collisions, and may not provide warning or braking under all circumstances. Driver should always monitor traffic conditions, and brake as needed to prevent collisions. See Owner's Manual for safety information.
