

Your Touchstone Energy® Cooperative 

Building a new home? Make sure it's energy efficient!

REBATES AVAILABLE

5/1/2020

Get the most from your energy dollars!

Duck River Electric Membership Corporation is excited to offer you our New Homes Program! If you qualify, this program is designed to give homebuilders rebates for properly installed, efficient electric, dual fuel or mini-split heating and cooling units, energy-efficient water heaters* and dedicated electric vehicle charging stations.

SINGLE FAMILY HOME REBATES

To qualify for the New Homes Rebate, DREMC requires a signed New Homes Participation Agreement, a copy of the Certificate of Occupancy and a completed questionnaire about the home at verification time.

	REBATE
Heat Pump with Electric Water Heater* and Electric Vehicle Hook Up	\$450
Heat Pump with Electric Water Heater*	\$400
Heat Pump with Gas Water Heater	\$300
Dual Fuel with Electric Water Heater*	\$250
Dual Fuel with Gas Water Heater	\$200
Ductless Mini-Split System	\$150
Electric Water Heater Only*	\$100

* Instantaneous electric water heaters are not allowed per TVA guidelines.

MULTI-FAMILY DWELLINGS REBATES

Call DREMC's Member Services Department for details on qualifying rebates.

(Multi-family dwellings rebate ends 9/30/2020.)

For more information, please contact DREMC's Member Services Team.
