Should you need additional information about rates contact your local Duck River Electric office or e-mail corpinfo@dremc.com.

**Total TVA Fuel Cost - TVA calculates and applies the Total Fuel Cost Adjustment monthly and adds or subtracts a per kilowatt-hour charge to recover generating fuel costs when those costs exceed or are below the amount budgeted. The Total Fuel Cost can fluctuate up or down depending on how actual fuel costs compare to TVA's projected expenditures.

A graphic consisting of two overlapping rectangular shapes. The larger, dark blue shape on the left contains the text "75% of rates pay for wholesale power from TVA" in white, bold, sans-serif font. A large, faint white dollar sign is visible in the background of this shape. The smaller, green shape on the right contains the text "DREMC Operations" in white, bold, sans-serif font. The two shapes are separated by a vertical dashed white line.
