WHO WE ARE

OUR PURPOSE

To empower our communities and enhance the quality of life for our members.

OUR VISION

To be the cooperative of choice in the Tennessee Valley.

Safety is at the center of everything we do. We promote a "safety first" culture and prioritize each team member going home safely every day.

We are headquartered in Shelbyville, TN, which is 50 miles southeast of Nashville and 25 miles south of Murfreesboro.

The 190 DREMC team members work across nine office locations supporting all or parts of 17 counties.

We are honored to serve 85,000+ residential, commercial, and industrial members across 2,500 square miles in Middle Tennessee.

We are committed to the communities we serve. DREMC's Project HELP bill assistance program benefits members in need through voluntary donations by the DREMC team and community.

CORE VALUES - ARISE

Accountability | Respect | Innovative | Safety | Excellence
